docs: update report — branding & portfolio expansion

A client-facing **Update Report** covering this round of post-launch work, in the same house style as the Phase 3 and Go-Live reports.

Covers: - **Branding** — the DCLtd logo applied across the site (favicon, app icon, footer) and as a letterhead on the three downloadable documents (PR #47 + re-issued PDFs). - **Portfolio** — the REA / rural-electrification list seeded: **9 new + 2 refreshed**, taking projects **16 → 25** (PR #48). - **Open decisions** flagged for the client: Uganda contract value, and the homepage stats refresh.

Adds dieynem_update_report.html; the branded PDF lives in deliverables/ (local, like the other client documents). Docs-only — no app code changed.
